

How does the annual rate maintenance plan work?

“Data” for X number of carriers are typically included in your base contract. Additional carrier data requests are charged at a flat fee per “request”.

“Data” are considered rate bases, transit times, fuel tables and/or points/terminals as published by a specific carrier or entity.

A “request” is considered a single call for carrier data and for a single carrier may include rates, points, fuel tables AND transits.

We treat third parties (i.e. SMC, MARS, etc.) who publish data as separate carriers/entities.

Your annual rate maintenance fee is charged at the beginning of each contract year and for a specified fee allows you to have UP TO Y named carriers on the plan. Additional plan carriers above the maximum are charged at \$Z per.

During the contract year, all data requests for carriers currently on the plan are provided at no additional fee from AR Traffic Consultants.

Any request for a carrier that is not currently on the plan is \$V, plus an optional pro-rated \$W for the balance of the annual rate plan term.

NOTE: Unless you otherwise specify, ARTC will place a new carrier on the annual plan.

Customers may review and eliminate carriers from the plan at the beginning of any term. A carrier that is removed from the plan will be treated as a new carrier if a subsequent data request is made for that carrier.

What are the service codes for FedEx and UPS?

- FXF1 – First Overnight
- FXGR – Ground
- FXHD – Home Delivery
- FXIE - International Economy
- FXIF - International First
- FXIP - International Priority
- FXP1 – Priority Overnight
- FXSO – Standard Overnight
- FXSV – Express Saver
- FX2A – Second Day AM
- FX2D – Second Day

UPC2 – Intra Canadian Standard
UPC3 – Intra Canadian Expedited
UPC4 – Intra Canadian Express
UPC5 – Intra Canadian Express Saver
UPC7 – Intra Canadian Early AM
UPSC – Ground Commercial
UPSR – Ground Residential
UPS1 – Next Day Air
UPS2 – Second Day Air
UPXD – International Expedited
UPXS – International Express
UPXT – International Standard
UPXV – International Saver
UP1A – Next Day AM
UP1L – Next Day Letter
UP1V – Next Day Saver
UP2A – Second Day AM
UP2L – Second Day Letter
UP3C – 3 Day Select Commercial
UP3R – 3 Day Select Residential
